CERTIFICATES

- UI/UX Design Essential
- UI/UX Mobile App Design
- Figma. Online store design
- UI/UX Design Starter

Frontend & other

- React Course
- Angular 11 Essential
- Partner: PCAP - Programming Essentials in Python
- CCNAv7: Switching, Routing, and Wireless Essentials

SUMMARY

Since 2017, I've been designing digital products of various complexity and scale. My expertise covers the full cycle of UI/UX design: from research and UX flows to interactive prototypes and design systems.

- Skilled in Figma **(atomic design, UI Kits, components, prototypes)**
- Experienced in **CJM, User Flow, redesign & responsive web design**
- Knowledge of **iOS & Android guidelines, UX patterns, and layout principles**
- Additional expertise: **Adobe Illustrator, After Effects, Premiere Pro, motion design & 3D modeling**
- Background in frontend development **(HTML, CSS, JavaScript, React)** and understanding of database principles

Along the way, I've also explored **motion design, 3D**, and **video production**, which helps me bring ideas to life in dynamic and engaging ways.

👉 **I believe that** great products come from connecting design vision with technical understanding — and that's where I add value.

2019-2022
- **Donetsk National University**
  Bachelor's in Informatics & Computer Science

2015-2019
- **Donetsk Polytechnic College**
  Computer Systems Programming

WORK EXPERIENCE ◆ 4 YEARS

UI/UX designer
April 2025 - November 2025
VizoGEN Ltd. ◆ https://vizogen.ru
Poland / Remote

Project: AI-based photo & video content generation service

Key responsibilities and achievements:

- **Designed the main website**, service pages, and admin panel for data collection and analytics.
- **Built a UI Kit** and design system to ensure product consistency.
- **Developed the brand identity** and adapted interfaces for all devices (responsive design).
- **Created a dynamic interactive prototype in Figma** for testing and stakeholder review.
- Worked with CJM, User Flow, and UX patterns to optimize user journeys.
- **Collaborated closely with developers**, considering frontend technologies (React, HTML, CSS, JavaScript)

Tools:

- **Figma, FigJam, Adobe Illustrator, Adobe Premier Pro, Jira.**

Frontend developer
9 months ◆ March 2022 - November 2022
KMV Tour Ltd. ◆ https://kmv-tur.org/
Kursk / Remote

- **Developed an adaptive CRM system** for a travel company, improving customer interaction by 40%
- Built a responsive UI with **Vue 3 & Bootstrap**, ensuring a smooth mobile-first experience
- **Collaborated in a 6-person Agile team**, managing tasks with **Jira** and **Git** for control version

Technical Support Engineer / Web Developer
6 months ◆ September 2021 - February 2022
DKT Ltd. ◆ https://dkt.ltd/
Donietsk / Work in the office

- **Designed and developed a new company website**, increasing traffic by 20%
- **Implemented Vue 3-based UI with API integration** for real-time data updates
- Provided technical support, configuring routers, modems, and PCs

UI/UX designer
1 year 1 month ◆ July 2020 - August 2021
ITD company ◆ https://itd.company/
Donietsk / Work in the office

- Created **website layouts, UI kits**, and **prototypes** for startups and enterprises
- Designed a website for a tobacco factory showcased at the **WT Middle East Expo in Dubai**
- Developed **branding materials**, including **logos, corporate styles, and ad content**

Web-developer
7 months ◆ December 2019 - June 2020
DonbassIT
Donietsk / Hybrid

- **Branding & Graphic Design:** Logo creation, packaging design, and development of unique visual identities.
- **Turnkey Website Development**: Full-cycle website creation **from concept and design** to final deployment.
- **Team Collaboration:** Experience working with developers, designers, and project managers to achieve project goals. I coordinated developers in website creation, structured the project, and assisted in problem-solving.
